## **QR SYSTEM**

The company has invested on a state of art Guard monitoring system. The system QR Codes to report guard's attendance and patrols in real-time. It's a state of art proof of attendance solution.

We understand how important it is to monitor the guard for several reasons:

We understand how important it is to monitor the guard for several reasons:

- **To make sure he is alert**
- **To make sure he is safe**
- **To make sure he carries out his duties**
- **To know when they are late or haven't reported to work,etc.**

We allow our clients access to this data for we have nothing to hide. The system allows for quick response to situations even without the action of anyone.

## SECURITY STAFF

The staff is relatively energetic with modern set to deliver 21st century services. Our security staff motivation is high and cautious professional training to keep in touch with current matters.

## LOCATION AND ASSET BASE

The offices are at KIWAZI place along the Eastern Bypass, 1km from Thika road towards Tatu City
